McNutt Says He's Not Candidate for Public Office, Despite Reports

Former Indiana Governor Makes This Assertion at Press Conference Few Hours Before Dinner Honoring Him.

"FOR PRESIDENT"

Presidential Boom for 1940 Begun in Big Way by Indiana Democrats.

Washington, Feb. 23 (AP)-Paul McNutt, high commissioner to the Philippines, said today of reports that he aspires to the 1940 Democratic Presidential nomination, "I am not a candidate for any public office."

The former Indiana Governor made this assertion at a press conference a few hours before he was to be the guest of honor at speciacular reception arranged Indiana political leaders who desire to give him a boost toward the White House.

Although McNutt, talking to a core of reporters, parried political questions, his followers were frank to say that they held high ambitions for him.

The handsome 46-year-old offic-

was asked whether the Indiana group would not be "put-ing you out on a limb" because of the obviously political import of this afternoon's huge party. "My friends in Indiana," responded quickly, never placed me on the end of a

Washington, Feb. 23 CPI-President Roosevelt transmitted to Congress today a report of the Advisory Committee on Education recommending new federal grants of \$855,000,000 to state; during the next six years to improve their public schools.

The grants, to begin a year bence at \$70,000,000, would be increased approximately \$30. 000,000 each of the two following years and \$20,000,000 each thereafter until they reach \$199,000,000 in 1944-15. These grants would be in addition to the permanently authorized federal grants of more than \$50,-190,000 a year for vocational edu

PHONE - BEACON 547 Emergency Phone Wappagers Falls 455

512 MAIN STREET BEACON, N. Y.

In response to the demand for a good industrial electric motor service at a nominal yearly fee, we announce the following:

Regular monthly inspection of all motors. Inspection includes proper lubrication, maintenance and adjustments of all moving parts, motor vibrations and noises eliminated, inspection of belts and couplings.

If and when repairs are necessary, you will be told the nature of the trouble and the cost of remedy. You will decide who shall do this work. We are equipped for all emergencies up to ten horse power and will loan you free, a motor while our experts repair yours.

As you have invested good money in your motors it is only good business to see that you get the fullest return. Our service, done by experienced men insures just that. If there is any question about what this service will do for you, we will be glad to call and explain it to you. Address all replies to Mr. Russell O. Hedman, I. E. Assistant Operations Manager of motor service and repair division, or Mr. Hyman Aduch elsky.

Very truly yours,

HFB/HO

Ward Store Plans WINTER DRIVING HINT

Three large new signs, of the most modern up-to-date style, are to be ejected on the front of the Montgomery Ward store The contract for their election has been awarded to the Modjeska Studio. The new signs will be so placed that one will face Wall street, one Pau street and the third in the center. One of the present signs, which were new when the state opened up a tew months ago, will be placed on the Fair street extension side of the

Manager Cordean said this morning that other improvements to the store are contemplated, an nonneement of which will be made later. He added that some of the improvements being made at this time and others to tollow should have been made when the store opened up, but The Ward Co. however, was so busy at that time opening up new stores, and there was such demand upon their construction department, that it was found necessary to postpone ome things.

Canada's total imports of raw subbet during the eight months lended November were 62,771,615 pounds valued at \$12,239,119.

Man About Manhattan

By GEORGE TUCKER

NEW YORK—It is a pity that so many talented and pretty gara are doomed to disappointment and defeat on Broadway. But the endless supply for a very limited is, mand has built up a situation that is hopeless and in some respects

downright tragic.

Broadway today is filled with young girls walking the pavement looking for jobs. They can dame and sing. They are stender and pretty. But the jobs aren't there. Georgie Hale, referring to a stack of 40 or 50 letters, shrigs and gazes out the window.

"All those letters are from young girls who want to come to New York for theatreal careers," he says. "They write me letters and describe their aspitations and ask me to help them. Yet, for all the shows put on and the revues I create it is rare that I can use one. Their experience is too limited. To get here they must travel nundreds of miles for a job that already has applicants a dozen deep. And girls with more

THE BAPTIST CHURCH

In addition to the most interestng address given by Frederick Snyder, world traveler and lecturer, at the banquet of the teachers and officers of the Bapist Church on Monday evening, a very fine musical program was presented. This consisted of a piano duet, "The Witches Dance" Decker and Mrs. Lester Decker and Mrs. Lloyd LeFever, a violin duct by Charles Brandt and Harold Canfield, and a piano accordion selection by Roger Baer. froup singing was enjoyed with Miss Betty Heaps at the piano and Harold Canfield on the violin.

The superintendent of the Sunday School, Evan Davis, acted as toastmaster, and brief addresses were given by the following people: Bernard Healey, Mrs. Elsie M. Pultz, Maurice Safford, W. W. Brady, John Matthews, Harold Brigham, Charles Snyder. Russell Broughton and Miss Ethel Hull. The closing message was given by the pastor of the church, the Rev. Arthur S. Cole.

The tables and the hall were attractively decorated in keeping with "Washington's Birthday." with "Washington's Birthday." The delicious banquet was prepared and served by the Christian Endeavor Society of the church with Mrs. Charles Brandt and Mrs. Grover Lasher in

Special prices given to industrial users and dealers. Orders promptly filled f. o. h

May we impress the fact that Arco Unit Filters cost less and perform to a higher degree than any other replaceable unit type dry air filter. In performance the relative values in static pressure drop across each unit is for Arco .07" water gauge and for other type replaceable unit .10" water gauge and as these units are generally inserted in frames two (2) deep, a substantial duel design factor is realized, to be exact .06". These units are made in all standard sizes and may be placed in your present unit air conditioner installations. Our parent organization The Beacon Air Conditioning & Controls Corp., Designers and Consultants specify their use on all installations where unit replaceable filters are practicable to be used.

HOLLYWOOD—All that the set of "Marie Antoinette" lacked the other day was a spoon. The whole thing looked like an enormous, glittering dessert, rich beyond a gourmet's dreams.

This was perfectly proper, for the set was a ballroom of Versailles in the most brilliantly decadente period of France's history, the final fixing of monumental vanity in brocades. In all shades, filigreed an era of lavish conceits before with gold and silver and dripping.

The feminine body was but a rack on which to load gowns and ornaments, and still more ornaments. High powdered wigs, tight-waisted gowns with a wing-spread to fill a modern kuchencite, were but the foundations of a costume. With this humble start, a lady merely had to pile on everything she had to pile on everything sne could grasp — jewelry, flowers, feathers — and she'd stand a chance of getting an ogle. At least until Marie Antoinette entered the room. Marie had a way of outsmarting the other girls, every time. (Which is not, of course, the only reason Norma Shearer plays

Proud though they may be of it, New Yorkers are-if they can afford it-continually availing themselves of means of escape from their city. Those means are available all year around. During the winter there are snow trains which take ski enthusiasts up into the Berkshires. Or passengers may be just plain snow lovers tired of the dirty samples or bare streets of the town. Fishing boats over at Sheepshead bay go out all winter though their pairons are not so numerous. Some seashore hotels remain open the year around. Likewise mountain hotels and boarding houses. Winter sports are the lure to the nearby or even far-away hills. There are cruises to warmer climes. They fit almost any pocketbook. Then too there is Florida, only a few hours away by air. Or Southern California if a longer trip can be taken. I still get a kick out of thinking of dinner in New York and luncheon in Hollywood, though because air travel is so common now, that is old stuff.

Escape from New York either Winter or summer is possible for those without means or leisure. A nickel will take a city sick man or woman up into the open spaces of the Bronx. The ferry fare across to Interstate park on the Jersey side of the Hudson is also only five cents. On the high cliffs, there is real freedom from the confines of stone and steel. A friend told me of meeting a deer while wandering along one of the less frequented paths. Fort Washington park, in uptown Manhattan, is another refuge for the city weary It has been spoiled somewhat by improvements. But at that, a rabbit bounds across path now and then and there are many squirrels. But it was a lot better when those paths were merely trails. Inwood park has also been improved. an Authentic Treasure An Italian marble tomb, long suspected by critics of being an art fake palmed off on America, has been proved an authentic treasure, after nine years of scientific testing, according to a writer in the Kansas

City Star. At the Boston museum of fine arts, where the tomb aroused such violent controversy that it was removed from public exhibition, the case is settled.

Reporting its verdict, the museum calls the tumb a Fifteenth century monument of Tuscan workmanship, beautiful figure of a woman lying with folded hands is a feature of the monument.

Scientific tests included making paper-thin slices of samples from all fourteen pieces of marble in the tomb. These samples were studied under the microscope and compared with similar samples of known kinds of marble. This test, like that of human fingerprints, is considered unmistakable. The tomb is of two kinds of marble, the famous Carrara marble and some from Olympia. Chisel marks were also examined by microscope, and

The crystalline structure of the marble's surface was also studied. because scientists have learned that old marbles "breathe," that is, take in and give out air. In long years, this process leaves evidence in dark bands on the marble surface, visible through the microscope. This was found on all parts of the tomb except where a new inscription was added by cutting away the old sur-

Vicana, Feb. 27 (P .- One million Austrian workers were reported today to have signed a resclution supporting Chancellor Kurt Schuschnigg, who negotiated with Reichsfeuhrer Hitler the Berchtergaden pact of February

One intrepertation of this action was that Socialist, Monarchist and Jewish sympathizers were pooling forces against the Nazis. whose influence was admitted to the government of the republic by the pact.

Labor and guild organizations in a number of cities issued man-itestations demanding Austrian independence, incidentally upholding the chancellor. Vienna was quiet after a night

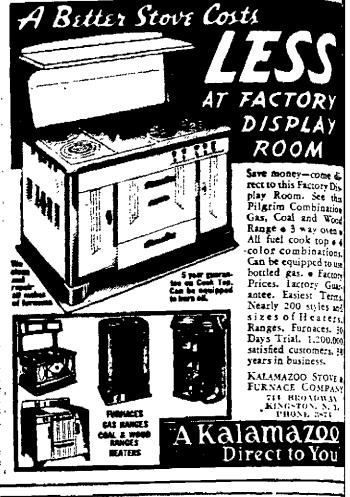

in which 15 Nazis were arrested for excessive jubilation—then quickly released and ejected from the Nazi organization. Arthur Seysz-Inquart, Hitlerapproved minister of the interior, and other Nazi-inclined leaders apparently have their followers disciplined and under command, although this was doubted dur-

ing last night's Nazi activities. Normal conditions were by no means restored to the capital. where police patrols ranged the streets to enforce a four-week ban on political demonstrations which went into effect at midnight

ONE MARIAN MARTIN PATTERN MAKES TOT'S FROCK FOR PLAY OR PARTY

Treat your style-wise little daughter to a play or party dress or make her both ... it's just a matter of the fabrics and a few little details. For play, choose bright cotton prints and frim the yoke with bright buttons and a touch of the same ric-rac you use to edge those comfy, little, cap sleeves. And then for festive occasions, dotted swiss or figured lawn and substitute lace and tiny bows for the ric-rac and the buttons. The smart panelled lines and simple yoke are very easy to stitch up. Make panties to match, also. A Complete Marian Martin Diagrammed Sew Chart is in-

Judge Cahill, at the close of the caze, made it plain that he legient at this time, but bereafter, he said, when anyone was brought before him on a similar charge the fine would be much stiffer.

At the trial today Attorney Bernhardt S. Kramer represented the district attorney's office, while Attorney Chris J. Flanagan appeared for Mr. Van Gaasbeck. COTTEKILL SCHOOL

SHOW A SUCCESS

"The Minstrel Crash of 1935" , pupil production, lived up to its name on Monday night in the Cottekill School. Never did the most veteran performer throw himself into his part with more fervor than did each member of the cast. Round after round of applause brought encores. The colorful costumes were enhanced by the lighting effects just installed by Lippet of Rosendale.

About 200 young and old from miles around turned out to make merry 'til long after midnight, The Cottekill Ginger Snaps played the round dances and Floyd Dietz. Binnewater played and called off the square sets. The donation of such popular dance music topped the evening with rhythm, song and hil-
